

Index to Volume 15

SUBJECT INDEX

- 11 β -hydroxysteroid dehydrogenase type 2 enzyme activity
11 β HSD2 and race [Shankar] 3:407
- AASK
Improving CV health outcomes [Douglas] 2:S2-23
- Aboriginals
Aboriginals' physical activity [Brunet] 2:256
- Accelerometer
JHS physical activity methods [Dubbett] 4:S6-56
- Access to (health) care
Access to care in rural Philippines [Reyes-Gibby] 1:104
Cardiovascular screening practices [Jurkowski] 3:411
- Acculturation
Acculturation scales [Coronado] 1:53
Cardiovascular screening practices [Jurkowski] 3:411
Acculturation and health-risk behavior [Kasirye] 4:733
- ADHD
Mental and physical health of children in public housing [Barzargan] 4:S5-3
- Adherence
Minority obesity treatment adherence [Sbrocco] 2:247
Alcohol use and adherence to prescribed therapy [Bazargan] 2:267
Adherence and PTSD symptoms [Hilerio] 4:S5-47
Women's empowerment model [Zorilla] 4:S5-128
- Adiponectin
Regulation of adiponectin and TNF- α in African Americans [Osei] 4:641
- Adolescents
Lipid genes in Black and White youth [Davis] 4:568
Dietary patterns [Di Noia] 4:705
- Adult immunization
READII programs [Kicera] 2:S3-17
- Advisor
Community health advisor [Martin] 2:S2-14
- African American(s)
Race, reactivity, and caregiving [Wilcox] 1:17
African Americans in observational studies [Gooden] 1:68
Self-reported Pap test utilization [Hoyo] 1:84
Suicidal ideation among young drug users [Havens] 1:110
Clinical trials and recruitment [Kennedy] 1:123
Minority obesity treatment adherence [Sbrocco] 2:247
Alcohol use and adherence to prescribed therapy [Bazargan] 2:267
Self-care empowerment intervention for diabetes [Sarkisian] 2:283
Perceptions of African-American culture [Ard] 2:292
Disparities in maternal outcomes [Shen] 3:492
- California African-American smoking [Trinidad] 3:505
- Predictors of multivitamin use [Pawlak] 4:540
- Racism and hypertension in African Americans [Davis] 4:585
- Racial differences in the use of aspirin [Brown] 4:620
- Regulation of adiponectin and TNF- α in African Americans [Osei] 4:641
- Ethnic disparities in glycemic control [Quandt] 4:656
- Empowerment program for African Americans [Anderson] 4:671
- Racial classification in SEER cancer registry [Patel] 4:713
- Preference for same-race providers [Malat] 4:740
- Hair-relaxer use and preterm birth [Rosenberg] 4:768
- RCT implementation in housing developments [Jeffries] 4:773
- Reviews/commentaries [Polednak] 4:779
- Invasive group A streptococcal disease [Mulla] 4:S5-63
- The JHS methods—introduction [Taylor] 4:S6-1
- JHS design and methods [Taylor] 4:S6-4
- Recruitment methods in the JHS [Fuqua] 4:S6-18
- Genetic methods of the JHS [Wilson] 4:S6-30
- Sociocultural methods in the JHS [Payne] 4:S6-38
- Dietary assessment methods in the JHS [Carithers] 4:S6-49
- JHS physical activity methods [Dubbett] 4:S6-56
- CVD endpoints classification in the JHS [Keku] 4:S6-62
- JHS Undergraduate Training Center [Srinivasan] 4:S6-71
- African-American women
Genetic predictors for coronary heart disease [Giger] 2:221
Ebony sex survey and sex lives of Black women [Ashby] 2:S2-40
Familial roles and type 2 diabetes [Samuel-Hodge] 3:436
Race and gender-specific stress measures [Jackson] 4:594
Exercise blood pressure in African Americans [Bond] 4:S5-10
- Africans
Metabolic syndrome and type 2 diabetes in Africans [Isezuo] 1:6
- Age(ing)
Differences in treatment and control among dyslipidemic hypertensives [Hendrix] 1:11
Race, reactivity, and caregiving [Wilcox] 1:17
- Aged
Self-care empowerment intervention for diabetes [Sarkisian] 2:283
- AIDS
HIV and Hispanic farm workers in West Texas [Varela-Ramirez] 4:S5-92
- Alcohol
Alcohol use and adherence to prescribed therapy [Bazargan] 2:267
Esophageal cancer epidemiology [Dlamini] 4:786
- ALLHAT
Improving CV health outcomes [Douglas] 2:S2-23
- Alternative health care
Alternative healthcare use among under-served [Bazargan] 4:531
- Analgesics
Race and medication adherence [Dominick] 1:116
- Antibodies
The Hepatitis C crisis [Sandt] 2:S2-53
- Antidiabetic medications
Disparities in diabetes treatment [Allsworth] 2:205
- Anti-fibrotic therapy
Review of interstitial lung disease [Perez] 2:S2-45
- Antiretroviral therapy
Women's empowerment model [Zorilla] 4:S5-128
- Appraisals
Racism and coping [Brondolo] 4:S5-14
- Asian American(s)
Ethnicity and breast cancer in Hawaii [Braun] 3:453
High-density lipoprotein and endothelial dysfunction [Packard] 4:555
Health in Asian-American groups [Klatsky] 4:755
- Asian Indian
Physical activity and metabolic syndrome [Misra] 4:627
- Asians and Pacific Islanders (Asian/Pacific Islander)
Addressing oral health disparities [Easa] 2:189
Disparities in maternal outcomes [Shen] 3:492
Oral health disparities, Asian and Pacific Island populations [Harrigan] 4:S5-39
Hawaiian and Filipino involvement in clinical research [Gollin] 4:S5-111
- Aspirin
Racial differences in the use of aspirin [Brown] 4:620
- ASPM
Tissue expression and ASPM domain structure [Rhoads] 4:S5-88
- Asthma
Mental and physical health of children in public housing [Barzargan] 4:S5-3
- Atlanta
Responding to West Nile virus [Willis] 2:S2-49
- Attitude(s)
Blood pressure control in Ghana [Spencer] 4:748
- Attitude toward weight control
Attitude toward weight control [Faber] 2:238
- Beliefs
South African Indian Muslims' views on stroke [Bham] 4:548

- Blood pressure control in Ghana [Spencer] 4:748
- Biomedical programs
NIH/NIDDK/CDU student research program [Norris] 3:S4-1
- Black(s)
Cigarette ads [Landrine] 1:63
Race and trust [Viols] 1:97
Nativity among Black twins and birth outcomes [Salihu] 2:276
Self-care empowerment intervention for diabetes [Sarkisian] 2:283
Blacks and preventive care [Blanchard] 3:498
Racism and hypertension in African Americans [Davis] 4:585
- Black Americans
Pain and older Black Americans [Baker] 2:179
- Blood pressure
Ethnic differences and hypertension in primary care [Sheats] 1:25
11 β HSD2 and race [Shankar] 3:407
Exercise blood pressure in African Americans [Bond] 4:S5-10
- Body composition
Body composition in diabetes [Castaneda] 4:664
- Body image
Males' misperception and weight status [Gross] S5-34
- Body mass index
Lipid genes in Black and White youth [Davis] 4:568
- Breast cancer
Repeat mammography among under-served women [Ahmed] 3:387
Breast abnormality follow-up [Kaplan] 4:720
Breast and cervical cancer in US Hispanic women [Polednak] 4:727
Women's empowerment model [Zorilla] 4:S5-128
- Breast cancer prevention
Perceptions of tamoxifen for risk reduction [Paterniti] 3:365
- Breast carcinoma
Racial/ethnic breast cancer disparities [Li] 2:S2-5
- Burden
Burden of kidney disease [Alebiosu] 3:418
- Calibration study
Dietary assessment methods in the JHS [Carithers] 4:S6-49
- Cancer
African Americans in observational studies [Gooden] 1:68
Collection of patient demographic information [Polednak] 1:90
Culture and research design [Ashing-Giwa] 1:130
Cancer coverage in ethnic minority and mainstream media [Hoffman-Goetz] 2:332
Fourth Annual Primary Care and Prevention Conference [Heisler] 2:S2-1
Community health advisor [Martin] 2:S2-14
Reviews/commentaries [Polednak] 4:779
- Cancer screening
Self-reported Pap test utilization [Hoyo] 1:84
- Cancer surveillance
Breast and cervical cancer in US Hispanic women [Polednak] 4:727
- Cannabis
Drug slang and risk of cannabis use [Wilcox] 3:485
- Cardiovascular
Lipid genes in Black and White youth [Davis] 4:568
- Cardiovascular disease
Cardiovascular screening practices [Jurkowski] 3:411
Racial differences in the use of aspirin [Brown] 4:620
The JHS methods—introduction [Taylor] 4:S6-1
JHS design and methods [Taylor] 4:S6-4
Recruitment methods in the JHS [Fuqua] 4:S6-18
Genetic methods of the JHS [Wilson] 4:S6-30
Sociocultural methods in the JHS [Payne] 4:S6-38
CVD endpoints classification in the JHS [Keku] 4:S6-62
- Cardiovascular factors
Women and coronary heart disease risk [Daryani] 2:213
- Cardiovascular reactivity
Race, reactivity, and caregiving [Wilcox] 1:17
- Caregivers/Caregiving
Race, reactivity, and caregiving [Wilcox] 1:17
South African Indian Muslims' views on stroke [Bham] 4:548
- Caribbean women
Health benefits and minority mammography [Consedine] 3:444
- Cervical cancer
Self-reported Pap test utilization [Hoyo] 1:84
Breast and cervical cancer in US Hispanic women [Polednak] 4:727
- Cessation
California African-American smoking [Trinidad] 3:505
- Children
Dietary patterns [Di Noia] 4:705
Lack of disparities in pediatric TBI [Howard] 4:S5-51
- Chinese
Health in Asian-American groups [Klatsky] 4:755
- Cholesterol
Lipid genes in Black and White youth [Davis] 4:568
- Chronic disease
Body composition in diabetes [Castaneda] 4:664
- Chronic Hepatitis C
The Hepatitis C crisis [Sandt] 2:S2-53
- Chronic kidney disease
Burden of kidney disease [Alebiosu] 3:418
Effect of vitamin supplements on 25 (OH) D₃ levels [Tareen] 4:S5-102
- Civil rights
Health care and civil rights [Teitelbaum] 2:S2-27
- CKD
Improving CV health outcomes [Douglas] 2:S2-23
- Clinical research
Research subjects advocates at minority clinical research centers [Easa] 4:S5-107
- Clinical trial(s)
Perceptions of African-American culture [Ard] 2:292
Reviews/commentaries [Polednak] 4:779
- Clinical trial participation
Hawaiian and Filipino involvement in clinical research [Gollin] 4:S5-111
- Cognitive factors
Health benefits and minority mammography [Consedine] 3:444
- Collaborative research
Oral health disparities, Asian and Pacific Island populations [Harrigan] 4:S5-39
- Colon cancer
Racial/ethnic differences in screening for colon cancer [Vlahov] 1:76
- Colonoscopy
Racial/ethnic differences in screening for colon cancer [Vlahov] 1:76
- Community
Community health advisor [Martin] 2:S2-14
- Community health
Access to care in rural Philippines [Reyes-Gibby] 1:104
- Continental population groups
Lipid genes in Black and White youth [Davis] 4:568
- Control
Ethnic differences and hypertension in primary care [Sheats] 1:25
- Coping
Racism and coping [Brondolo] 4:S5-14
- Coronary artery disease
Coronary artery disease markers [Rao] 2:193
Determinants of coronary artery disease [Dodani] 3:429
- Coronary calcium
Race-ethnic differences in coronary calcium [Kawakubo] 2:198
- Coronary heart disease
Race-ethnic differences in coronary calcium [Kawakubo] 2:198
Physical activity and metabolic syndrome [Misra] 4:627
- Coronary heart disease risk factors
Genetic predictors for coronary heart disease [Giger] 2:221
- Cortisol
Race, reactivity, and caregiving [Wilcox] 1:17
- Cross-cultural
Cross-cultural informed consent [McCabe] 2:300
- Cross-sectional
Racial differences in the use of aspirin [Brown] 4:620
- Cuban Americans
Heart disease and Cuban Americans [Nath] 4:607
- Culture
Culture and research design [Ashing-Giwa] 1:130
Perceptions of African-American culture [Ard] 2:292

- Immunization, race, culture, and trust [Burnett] 2:S3-13
- Cardiovascular screening practices [Jurkowski] 3:411
- Decision-making
Perceptions of tamoxifen for risk reduction [Paterniti] 3:365
- Demography
Demographics of urban diabetes patients [Dunbar] 2:173
- Dental school
Addressing oral health disparities [Easa] 2:189
- Depression
Suicidal ideation among young drug users [Havens] 1:110
Pain and older Black Americans [Baker] 2:179
Depression, Hispanic women, and diabetes [Shah] 4:685
Prevalence of depressive symptoms [Romero] 4:691
Stress and depressive symptoms [Schneider] 4:698
Mental and physical health of children in public housing [Barzagan] 4:S5-3
- Depressive symptoms
Prevalence of depressive symptoms [Romero] 4:691
- Developing countries
Determinants of coronary artery disease [Dondani] 3:429
- Diabetes
Disparities in diabetes treatment [Allsworth] 2:205
Aboriginals' physical activity [Brunet] 2:256
Family history of diabetes and HOMA in adolescents [Chambers] 3:424
South Asians and heart failure [Singh] 4:615
Physical activity and metabolic syndrome [Misra] 4:627
Diabetes management by residents in training [Miller] 4:649
Ethnic disparities in glycemic control [Quandt] 4:656
Empowerment program for African Americans [Anderson] 4:671
Spanish speakers with diabetes [Wagner] 4:679
Depression, Hispanic women, and diabetes [Shah] 4:685
Pacific Islanders, obesity and diabetes [Okiihiro] 4:S5-71
- Diabetes mellitus
Demographics of urban diabetes patients [Dunbar] 2:173
Self-care empowerment intervention for diabetes [Sarkisian] 2:283
Hemoglobin A1C levels and diabetes [Boltri] 4:562
- Diet
Individual vs group intervention [Kennedy] 3:373
Dietary patterns [Di Noia] 4:705
Dietary assessment methods in the JHS [Carithers] 4:S6-49
- Dietary
Ethnic differences and hypertension in primary care [Sheats] 1:25
- Dietary intake
Attitude toward weight control [Faber] 2:238
- Disadvantaged
Ethnic variation in prostate cancer [Krupski] 3:461
- Discrimination
Preference for same-race providers [Malat] 4:740
- Disparities
Racial/ethnic differences in screening for colon cancer [Vlahov] 1:76
Fourth Annual Primary Care and Prevention Conference [Heisler] 2:S2-1
Racial/ethnic disparities in immunization coverage [Wortley] 2:S3-4
Immunizations for the Medicare population [Farris] 2:S3-7
READII programs [Kicera] 2:S3-17
Disparities in maternal outcomes [Shen] 3:492
AA hypertension outcomes opportunities for improvement [Igho-Pemu] 4:S5-120
- DNA
Nonrandom simple sequence repeats in genomic DNA sequences [Ndifon] 4:S5-67
- Dog erythrocytes
Chemically induced methemoglobinemia [Purnell] 4:S5-81
- Drug dependence
Suicidal ideation among young drug users [Havens] 1:110
- Dyslipidemia
Differences in treatment and control among dyslipidemic hypertensives [Hendrix] 1:11
- Early infection
Comparison of Puerto Ricans with HIV [Fernandez] 4:S5-25
- Ectopic pregnancy
Multicultural surveillance for ectopic pregnancy [Calderon] 4:S5-20
- Elderly
Disparities in diabetes treatment [Allsworth] 2:205
Ethnic disparities in glycemic control [Quandt] 4:656
Prevalence of depressive symptoms [Romero] 4:691
Stress and depressive symptoms [Schneider] 4:698
- Electrocardiogram
ECG criteria for LVH in hypertension [Dada] 4:578
- Emergency department
Alcohol use and adherence to prescribed therapy [Bazargan] 2:267
- Empowering factors
Repeat mammography among under-served women [Ahmed] 3:387
- Empowerment
Empowerment program for African Americans [Anderson] 4:671
Women's empowerment model [Zorilla] 4:S5-128
- Endothelial function
High-density lipoprotein and endothelial dysfunction [Packard] 4:555
- Endothelium
Coronary artery disease markers [Rao] 2:193
- Environmental health
Fourth Annual Primary Care and Prevention Conference [Heisler] 2:S2-1
- Epidemiologic factors
Hemoglobin A1C levels and diabetes [Boltri] 4:562
- Epidemiologic studies
African Americans in observational studies [Gooden] 1:68
- Epidemiology
Drug slang and risk of cannabis use [Wilcox] 3:485
Racial classification in SEER cancer registry [Patel] 4:713
Health in Asian-American groups [Klatsky] 4:755
- Esophageal carcinoma
Esophageal cancer epidemiology [Dlamini] 4:786
- Extended care facilities
Institutionalization after hip fracture [Genesan] 4:S5-30
- Ethnic differences
Ethnic differences and hypertension in primary care [Sheats] 1:25
- Ethnic groups
Race and medication adherence [Dominick] 1:116
Demographics of urban diabetes patients [Dunbar] 2:173
Smoking trends in Hawaii [Maskarinec] 2:316
Hemoglobin A1C levels and diabetes [Boltri] 4:562
- Ethnic minority
Cancer coverage in ethnic minority and mainstream media [Hoffman-Goetz] 2:332
- Ethnicity
Cigarette ads [Landrine] 1:63
Racial/ethnic differences in screening for colon cancer [Vlahov] 1:76
Race and trust [Viols] 1:97
Race-ethnic differences in coronary calcium [Kawakubo] 2:198
Reporting race and ethnicity [Riddle] 2:324
Racial/ethnic breast cancer disparities [Li] 2:S2-5
Perceptions of tamoxifen for risk reduction [Paterniti] 3:365
Ethnic variation in prostate cancer [Krupski] 3:461
California African-American smoking [Trinidad] 3:505
South Asians and heart failure [Singh] 4:615
Ethnic disparities in glycemic control [Quandt] 4:656
Pacific Islanders, obesity and diabetes [Okiihiro] 4:S5-71
- Ethnicity-related stress
Racism and coping [Brondolo] 4:S5-14
- Ethnic minority
Culture and research design [Ashing-Giwa] 1:130
- European continental ancestry group
Invasive group A streptococcal disease [Mulla] 4:S5-63
- Exercise
Physical activity and metabolic syndrome [Misra] 4:627

- Exercise blood pressure in African Americans [Bond] 4:S5-10
- Family study
- Genetic methods of the JHS [Wilson] 4:S6-30
- Females
- Attitude toward weight control [Faber] 2:238
- Filipino
- Health in Asian-American groups [Klatsky] 4:755
- Hawaiian and Filipino involvement in clinical research [Gollin] 4:S5-111
- Focus group(s)
- African Americans in observational studies [Gooden] 1:68
- Self-care empowerment intervention for diabetes [Sarkisian] 2:283
- Perceptions of African-American culture [Ard] 2:292
- Folic acid
- Predictors of multivitamin use [Pawlak] 4:540
- Flow-mediated dilation
- High-density lipoprotein and endothelial dysfunction [Packard] 4:555
- Function
- Left ventricular function and type 2 diabetes [Danbauchi] 4:635
- Gender
- Differences in treatment and control among dyslipidemic hypertensives [Hendrix] 1:11
- Gendered oppression
- Race and gender-specific stress measures [Jackson] 4:594
- Genetics
- Genetic methods of the JHS [Wilson] 4:S6-30
- Genetic polymorphisms
- Coronary artery disease markers [Rao] 2:193
- Genotypes
- Genetic predictors for coronary heart disease [Giger] 2:221
- Ghana
- Blood pressure control in Ghana [Spencer] 4:748
- Glycosylated (hemoglobin)
- Hemoglobin A1C levels and diabetes [Boltri] 4:562
- Ethnic disparities in glycemic control [Quandt] 4:656
- Granulomatous inflammation
- Review of interstitial lung disease [Perez] 2:S2-45
- Grounded theory
- Race and gender-specific stress measures [Jackson] 4:594
- HAART
- HIV mortality trend after HAART in Puerto Rico [Mayor] 4:S5-57
- Hair preparations
- Hair-relaxer use and preterm birth [Rosenberg] 4:768
- Hawaii
- Addressing oral health disparities [Easa] 2:189
- Oral health disparities, Asian and Pacific Island populations [Harrigan] 4:S5-39

VOLUME 15: TABLE OF CONTENTS

VOLUME 15, NUMBER 1

Guest Editorials

The metabolic syndrome. Hall WD [1]
 Retrospective analysis: consensus statement of the hypertension in African Americans working group of the International Society of Hypertension in Blacks (ISHIB). Ferdinand KC [3]
 Original Reports: Metabolic Syndrome Is high density lipoprotein cholesterol useful in diagnosis of metabolic syndrome in Native Africans with type 2 diabetes? Isezuo SA [6]
 Ethnic, gender, and age-related differences in treatment and control of dyslipidemia in hypertensive patients. Hendrix KH, Riehle JE, Egan BM [11]
 Original Reports: Cardiovascular Health Race differences in cardiovascular and cortisol responses to an interpersonal challenge in women who are family caregivers. Wilcox S, Bopp M, Wilson DK, Fulk LJ, Hand GA [17]
 Prevalence, treatment, and control of hypertension among African Americans and Caucasians at primary care sites for medically under-served patients. Sheats N, Lin Y, Zhao W, Cheek DE, Lackland DT, Egan BM [25]
 Rural and semi-urban differences in salt intake, and its dietary sources, in Ashanti, West Africa. Kerry SM, Emmett L, Micah FB, Martin-Peprah R, Antwi S, Phillips RO, Plange-Rhule J, Eastwood JB, Capucio FP [33]
 Racial/ethnic disparity and predictors of leisure-time physical activity among US men. Ahmed NU, Smith GL, Flores AM, Pamies RJ, Mason HRC, Woods KF, Stain SC [40]
 A short acculturation scale for Mexican-American populations. Coronado

GD, Thompson B, McLerran D, Schwartz SM, Koepsell TD [53]
 Original Reports: Cancer Cigarette advertising in Black, Latino, and White magazines, 1998-2002: an exploratory investigation. Landrine H, Klonoff EA, Fernandez S, Hickman N, Kashima K, Parekh B, Thomas K, Brouillard CR, Zolezzi M, Jensen JA, Weslowski Z [63]
 Perceptions of participation in an observational epidemiologic study of cancer among African Americans. Gooden KM, Carter-Edwards L, Hoyo C, Akbar J, Cleveland RJ, Oates V, Jackson E, Furberg H, Gammon MD [68]
 Racial ethnic differences in screening for colon cancer: report from the New York Cancer Project. Vlahov D, Ahern J, Vazquez T, Johnson S, Philips LA, Nash D, Mitchell MK, Freeman H [76]
 Reproducibility of self-reported Pap test utilization in middle-aged African-American women. Hoyo C, Ostbye T, Skinner CS, Yarnall KSH, Chowdhary J [84]
 Collecting information on race, Hispanic ethnicity, and birthplace of cancer patients: policies and practices in Connecticut hospitals. Polednak AP [90]
 Original Reports: Healthcare Access & Utilization
 Who trusts healthcare institutions? Results from a community-based sample. Voils CI, Oddone EZ, Weinfurt KP, Friedman JY, Schulman KA, Bosworth HB [97]
 Access to health care in a rural area of the Philippines. Reyes-Gibby CC, Aday LA [104]
 Suicidal ideation among African-American non-injection drug users. Javens JR, Ompad DC, Latkin CA, Fuller CM, Arria AM, Vlahov D, Strathdee SA [110]
 Racial differences in analgesic/anti-inflammatory medication adherence among patients with osteoarthritis. Dominick KL, Golightly YM, Nosworth HB [116]
 Original Reports: Research Design
 Successfully recruiting a multicultural population: the DASH-Sodium Experience. Kennedy BM, Conlin PR, Ernst D, Reams P Charleston JB, Appel LJ [123]
 Can a culturally responsive model for research design bring us closer to addressing participation disparities? Lessons learned from cancer survivorship studies. Ashing-Giwa KT [130]

VOLUME 15, NUMBER 1,
SUPPLEMENT I

Proceedings of the Third Biennial National Conference on Health Issues in the Arab-American Community

Section I. Introduction. Sakr WA, Hammad A, Bassett DJP, Rice VH, Darwish-Yassine M, Gonsalves CJ, Jamil H, Jaber L, Schenk M, eds	[S1-vii]
Section II. Cancer and Women's Health	
A. Overview. Darwish-Yassine M, Sakr WA, eds.	[S1-1]
B. The problem of cancer: lung cancer as a paradigm—keynote address summary. Ruckdeschel JC	[S1-2]
C. Cancer databases in the Arab world. El-Attar IA	[S1-3]
D. Cancer epidemiology in Arab Americans and Arabs outside the Middle East. Darwish-Yassine M, Wing D	[S1-5]
E. An update on recent cancer trends in Lebanon. El Saghir NS	[S1-9]
F. Breast cancer in Lebanon. Increased age-adjusted incidence rates in younger-aged groups at presentation: implications for screening and for Arab-American ethnic groups. El Saghir NS, Shamseddine A, Geara F, Bikhaz K, Rahal B, Salem A, Taher A, Tawil A, Khatib Z, Abbas J, Hourani M, Khalil A, Seoud M	[S1-11]
G. Childhood cancer among Arab Americans in Southeast Michigan. Sawaf H, Lorenzana A, Dombi G, Hamre M, Schwartz K	[S1-13]
H. Measurement of the knowledge, attitudes, and beliefs of Arab-American adults toward cancer screening and early detection: development of a survey instrument. Al-Omran H	[S1-15]
I. Section II summary.	[S1-17]
Section III. Cardiovascular Diseases and Diabetes	
A. Overview. Rice VH, Jaber L, eds	[S1-18]
B. Trends of body mass index (BMI) by age and sex percentile among Arab-American fifth graders in southeastern Michigan schools. Abou-Medienne S, Shamo F	[S1-20]
C. Obesity and cardiovascular disease risk factors are ethnicity based: a study of women of different	

ethnic backgrounds in southeastern Michigan. Hatahet W, Fungwe TV	[S1-23]
D. Diabetes and the metabolic syndrome in Arab Americans: a community-based sample. Jaber LA	[S1-26]
E. Cardiovascular risk factors in an Arab-American population in southeastern Michigan. Hammad A, Herman WH, Jaber LA	[S1-29]
F. The epidemiology of diabetes and its risk factors among Chaldean Americans. Kridli SA, Herman WH, Brown M, Fakhouri H, Jaber LA	[S1-30]
G. Section III summary.	[S1-32]
Section IV. Environmental Health, Tobacco Use and Its Control	
A. Overview. Bassett DJP, Rice VH, eds	[S1-33]
B. Science and the community: a collaborative model for integration of research within the community. Weglicki LS, Rice VH, Hammad A	[S1-35]
C. Environmental impacts on Arab Americans in metropolitan Detroit. Hammad AS, Nriagu JO	[S1-39]
D. Environmental justice and environmental health: focus groups assessments of the perceptions of Arab Americans in metro Detroit. Savoie KL, Savas SA, Hammad AS, Jamil H, Nriagu JO, Abdulrahim S	[S1-41]
E. Environmental disease burden in Arab-American communities in the Detroit area: prevalence and severity. Johnson M, Hammad A, Nriagu JO, Savoie K, Jamil H	[S1-43]
F. Costs of environmentally attributable diseases in the Arab-American community in the Detroit area. Zajac LM, Nriagu JO, Savoie K, Hammad A, Jamil H	[S1-47]
G. Knowledge, beliefs, and attitudes about environmental diseases among Arab-American communities in the Detroit area. Hammad A, Nriagu JO, Savoie K, Johnson M, Jamil H	[S1-49]
H. Community-based participatory research of environmental factors on Arab Americans in metropolitan Detroit: progress report. Hammad AS, Nriagu JO	[S1-52]
I. Arab-American youth tobacco program. Rice VH	[S1-54]
J. Predictors of tobacco use among Lebanese, Yemeni, and Iraqi adolescents, 14-18 years of age. Rice VH, Templin T, Weglicki L, Jamil H, Hammad A, Baker O, Kulwicki A, Al-Omran H, Al-Faouri I, Thompson F, Dakroub M, Abou-Medienne S	[S1-57]

K. A comparison of psychosocial factors and tobacco use among Arab and Arab-American adolescents: preliminary findings. Abou-Medienne S, Rice VH, Jamil H, Templin T, Hammad A, Weglicki L, Kulwicki A, Al-Faouri I, Al-Omran H, Baker O, Dakroub M, Thompson F	[S1-60]
L. Culturally sensitive smoking cessation intervention program redesign for Arab-American youth. Al-Faouri I, Rice VH, Weglicki L, Kulwicki A, Jamil H, Baker O, Al-Omran H, Dakroub M	[S1-62]
M. Trends in tobacco use among Arab/ Arab-American adolescents: preliminary findings. Templin T, Rice VH, Gadelrab H, Weglicki L, Hammad A, Kulwicki A, Al-Omran H, Al-Faouri I, Baker O, Jamil H, Thompson F, Dakroub M, Abou-Medienne S	[S1-65]
N. Relationship of parental tobacco use, peer influence, self-esteem, and tobacco use among Yemeni-American adolescents: mid-range theory testing. Baker O	[S1-69]
O. Section IV summary.	[S1-72]
Section V. Public Health in the Arab World	
A. Overview. Schenk M, Hammad A, eds	[S1-73]
B. Health and disease in a changing Arab world 2000/2025/2050: global, environmental, and climate change and emerging diseases. Khogali M	[S1-74]
C. Major health problems in North Africa. Belgacem S	[S1-76]
D. Major health issues in Jordan. Hijazi S	[S1-77]
E. The health status of the Palestinian Arab community in Israel in relation to the Jewish community of Israel. Suleiman K, Ghattas B, Makhoul C	[S1-83]
F. Palestinian health system after three years of the Intifada—survival, development, or both? Rafiq H	[S1-84]
G. Mental health situation in Morocco: problems and perspectives. Mous-saoui D	[S1-86]
H. Status of nursing in the Arab world. Shukri R	[S1-88]
I. Advancing the health of Arab Americans: key points of obtaining resources and establishing programs focused on special populations. Forzley M	[S1-90]
J. Section V summary.	[S1-93]
Section VI. Mental Health	
A. Overview. Gonsalves CJ, ed	[S1-94]
B. Refugee hurdles, caretaker challenges, and mutual openings—key-note speaker. Gonsalves CJ	[S1-96]

C. The psychosocial rehabilitation approach in treating torture survivors. Farrag M, Addel-khaleg H, Kazak A [S1-97]

D. "Each one is a doctor for herself": Ramadan fasting among pregnant Muslim women in the United States. Robinson T, Raisler J [S1-99]

E. The effects of stigma consciousness on mental health. Kira IA, Hammad A, Simaan A [S1-104]

F. The aftermath of the Persian Gulf War: mental health issues among Iraqi-American veterans. Jamil H, Nassar-McMillan S, Lambert R [S1-105]

G. Depression and medical health complaints in a group of Arab-American women. Abou-Medienne S, Farrag M, Dakroub M [S1-106]

H. Reactions of Arab-American groups to the September 11, 2001 terrorist attacks. Farrag MF, Hammad A [S1-108]

I. Social relations and mental health among Arab-American elders. Ajrouch KJ [S1-109]

J. High-effort active coping and health outcomes among older Arab immigrants. Abdulrahim S, Ajrouch K [S1-110]

K. Examination of the impact of acculturation, stress, and religiosity on mental health variables for second-generation Arab Americans. Amer MM, Hovey JD [S1-111]

L. Section VI summary. [S1-113]

Section VII

Conclusion. Sakr WA, Hammad A [S1-114]

Appendix. [S1-115]

VOLUME 15, NUMBER 2

Focus: Health Policy Approaches to Improve Health Outcomes

Original Reports: Health Policy

Evolving demographics and disparities in an urban diabetes clinic: implications for diabetes education and treatment. Dunbar VG, King EC, George CD, El-Kebbi IM, Ziemer DC, Gallina DL, Cook CB [173]

Chronic pain in older Black Americans: the influence of health and psychosocial factors. Baker TA [179]

Addressing oral health disparities in settings without a research-intensive dental school: collaborative strategies. Easa D, Harrigan R, Hammatt Z, Greer M, Kuba C, Davis J, Beck JD, Offenbacher S [187]

Original Reports: Cardiovascular Health

Endothelial nitric oxide synthase intron 4 polymorphism is a marker for coronary artery disease in African-American and Caucasian men. Rao S, Austin H, Davidoff MN, Zafari AM [191]

Race-ethnic differences in the extent, prevalence, and progression of coronary calcium. Kawakubo M, LaBree L, Xiang M, Doherty TM, Wong ND, Azen S, Detrano R [198]

Racial and ethnic disparities in the pharmacologic management of diabetes mellitus among long-term care facility residents. Allsworth JE, Toppa R, Palin NC, Lapane KL [205]

Risk factors for coronary heart disease among immigrant women from Iran and Turkey, compared to women of Swedish ethnicity. Daryani A, Berglund L, Andersson A, Kocturk T, Becker W, Vessby B [213]

Genetic predictors of coronary heart disease risk factors in premenopausal African-American women. Giger JN, Strickland OL, Weaver M, Taylor H, Acton RT [221]

Metabolic syndrome in a multiethnic population in rural Hawaii. Grandinetti A, Chang HK, Theriault A, Mor J [233]

Dietary intake, perceptions regarding body weight, and attitudes toward weight control of normal weight, overweight, and obese Black females in a rural village in South Africa. Faber M, Kruger S [238]

Church-based obesity treatment for African-American women improves adherence. Sbrocco T, Carter MM, Lewis EL, Vaughn NA, Kalupa KL, King S, Suchday S, Osborn RL, Cintron JA [246]

Physical activity of Aborigines with type 2 diabetes: an exploratory study. Brunet S, Plotnikoff RC, Raine K, Courneya K [256]

Alcohol use and adherence to prescribed therapy among under-served Latinos and African-American patients using emergency department services. Bazargan-Hejazi S, Bazargan M, Hardin E, Bing EG [267]

Influence of nativity on neonatal survival of Black twins in the United States. Salihu HM, Mardenbrough-Gumbs WS, Aliyu MH, Sedjro JE, Pierre-Louis BJ, Kirby RS, Alexander GR [276]

Original Reports: Research Design

Using focus groups of older African Americans and Latinos with diabetes to modify a self-care empowerment intervention. Sarkisian CA, Brusuelas RJ, Steers WN, Davidson MB, Brown AF, Norris KC, Anderson RM, Mangione CM [283]

Perceptions of African-American culture and implications for clinical trial design. Ard JD, Durant RW, Edwards LC, Svetkey LP [292]

The informed consent process in a cross-cultural setting: is the process achieving the intended result? McCabe M, Morgan F, Curley H, Begay R, Gohdes DM [300]

Original Reports: Cancer

Prevalence and predictors of smoking behavior among Samoans in three geographical regions. Mishra SI, Osann K, Luce PH [305]

Ethnic differences in trends and determinants of cigarette smoking in Hawaii. Maskarinec G, Dhakal S, Pagano I, Carlin L, Goodman MT, Marchand LL, Nomura A, Wilkens LR, Kolonel LN [316]

On the coding and reporting of race and ethnicity in New Hampshire for purposes of cancer reporting. Riddle BL [324]

Disparities in the coverage of cancer information in ethnic minority and mainstream mass print media. Hoffman-Goetz L, Friedman DB [332]

Departments

Clinical Reseach in Ethnic Minority Populations [341]

Grants and Funding Opportunities [344]

Updates from US Health Agencies [346]

Health Legislative Issues [349]

For the Patient [351]

Ethnicity & Disease Manuscript Submittal and Information [355]

VOLUME 15, NUMBER 2,
SUPPLEMENT 2

The Fourth Annual Primary Care and Prevention Conference: Improving Health, Eliminating Disparities

Introduction

Improving health, eliminating disparities: finding solutions for better health for all populations. Heisler M, Rust G, Pattillo R, Dubois AM [S2-1]

Original Reports

Cancer

Racial and ethnic disparities in breast cancer stage, treatment, and survival in the United States. Li C [S2-5]

Smoking cessation: what works in primary care settings. Pederson LL, Blumenthal D [S2-10]

Community health advisors effectively promote cancer screening. Martin MY [S2-14]

Utilization of services among elderly cancer patients: relationship to age, symptoms, physical functioning, comorbidity and survival status. Kurtz ME, Kurtz JC, Given CW, Given BA [S2-17]

Heart Disease

Improving cardiovascular health outcomes through the use of evidence-based medicine. Douglas J [S2-23]

Policy	
Health care and civil rights: an introduction. Teitelbaum J	[S2-27]
Racial disparities and site of care. Bach PB	[S2-31]
Women's Health	
Post menopausal hormone therapy today. Rice VM	[S2-34]
The ebony sex survey and the sex lives of African-American women: a call to healthcare providers. Ashby HE	[S2-40]
Infectious Disease	
Interstitial lung disease: causes, treatment, and prevention. Perez RL	[S2-45]
Metro Atlanta responds to West Nile virus: a coordinated public health response. Willis J	[S2-49]
The Hepatitis C crisis. St. John TM, Sandt L	[S2-52]
Summary Reports	
Plenary Session 1: A Surgeons General Colloquium. Major health policy challenges and opportunities facing the nation	[S2-58]
Plenary Session 1A: Primary healthcare challenges: preventing and treating disease	
A. 2004 American Cancer Society report: addressing disparities. Eyre HJ	[S2-62]
B. Primary care for the 21st century. Gaston M	[S2-63]
C. Providing compassionate primary care. Williams Y	[S2-65]
D. Assessing Pennsylvania's changing nurse workforce. Johnson CB	[S2-66]
Plenary Session 2: Improving quality, making a difference at the individual, business, and community levels	
A. Improving quality of care by translating research into culturally competent practice. Bigby JA	[S2-68]
B. Improving the quality of public health service. Caine VA	[S2-71]
Plenary Session 3: Health Policy 2004. Improving outcomes through research and practice	
A. How we really serve all people, or do we? Schmidt E	[S2-74]
B. Meeting healthy people 2010 goals: Aetna's response to the industry challenge. Welch M	[S2-75]
C. Improving cardiovascular health outcomes through use of evidence-based research. Douglas-Baltimore JEG	[S2-77]
Plenary Session 4: Improving health, eliminating disparities: visions for the 21st century. Gerberding JL	[S2-78]
Abstracts Presented at the Fourth Annual Primary Care and Prevention Conference	[S2-81]

VOLUME 15, NUMBER 2,
SUPPLEMENT 3

Achieving Immunizations for All: Proceedings from a Symposium on

Eliminating Adult Immunization Disparities	
Original Reports	
Adult immunization disparities: a challenge for the public health/primary care partnership. Satcher D	[S3-1]
Who's getting shots and who's not: racial/ethnic disparities in immunization coverage. Wortley P	[S3-4]
When insurance is not enough: racial and ethnic disparities in immunizations for the Medicare population. Farris JR	[S3-7]
Race, culture, and trust: why should I take a shot if I'm not sick? Burnett M, Genao I, Wong WF	[S3-13]
Best-practice models that work: the CDC's racial and ethnic adult disparities immunization initiative (READII) programs. Kicera TJ, Douglas M, Guerra FA	[S3-17]
Re-engineering the primary care practice to eliminate adult immunization disparities. Rust G, Strothers HS III, Zimmerman RK	[S3-21]
Summary: Take home points from the Eliminating Adult Immunization Disparities Symposium. Rust G	[S3-27]
Meet the Presenters	[S3-29]
Appendix	
Appendix 1. Problem list, female age 40-64	[S3-34]
Appendix 2. Problem list, male age 40-64	[S3-35]
Appendix 3. DM/HTN flow sheet	[S3-36]
Appendix 4. Template for preventive services checklist	[S3-37]
Appendix 5. Patient/provider education materials	[S3-38]
Appendix 6. From Morb Mortal Wkly Rep: recommended adult immunization schedule—United States, October 2004–September 2005	[S3-40]

VOLUME 15, NUMBER 3

Editorial	
Translational research: moving scientific advances into the real-world setting. Norris KC	[363]
Original Reports: Translational Research	
"I'm going to die of something anyway": women's perceptions of tamoxifen for breast cancer risk reduction. Paterniti DA, Melnikow J, Nuovo J, Henderson S, DeGregorio M, Kuppermann M, Nease R	[365]
A pilot church-based weight loss program for African-American adults using church members as health educators: a comparison of individual and group intervention. Kennedy BM, Paeratakul S, Champagne CM, Ryan DH, Harsha DW,	

McGee B, Johnson G, Deyhim F, Forsythe W, Bogle ML	[373]
Perceived competence of rural South-African and rural African-American families: a cross-cultural assessment of structural validity. Harrison MG, Malaka D, Amoateng AY, Toldson I	[379]
Empowering factors for regular mammography screening in underserved populations: pilot survey results in Tennessee. Ahmad NU, Fort JG, Elzey JD, Belay Y	[387]
Recruitment strategies for minority participation: challenges and cost lessons from the POWER interview. Keyzer JF, Melnikow J, Kuppermann M, Birch S, Kuenneth C, Nuovo J, Azari R, Oto-Kent D, Rooney M	[395]
Original Reports: Cardiovascular Health Activity of 11 β -hydroxysteroid dehydrogenase type 2 in normotensive Blacks and Whites. Shankar RR, Ferrari P, Dick B, Ambrosius WT, Eckert GJ, Pratt JH	[407]
Acculturation and cardiovascular disease screening practices among Mexican Americans living in Chicago. Jurkowski JM, Johnson TP	[411]
The global burden of chronic kidney disease and the way forward. Alebiosu CO, Ayodele OE	[418]
A family history of diabetes is related to abnormal insulin sensitivity in African-Caribbean girls of low birth weight: is catch-up weight important? Chambers EC, Tull ES, Fraser H, Mutunhu NR, Sobers NP, Niles E	[424]
Distribution and determinants of coronary artery disease in an urban Pakistani setting. Dodani S	[429]
Familial roles of older African-American women with type 2 diabetes: testing of a new multiple caregiving measure. Samuel-Hodge CD, Skelly AH, Headen S, Carter-Edwards L	[436]
Original Reports: Cancer	
Health Belief Model factors in mammography screening: testing for interactions among subpopulations of Caribbean women. Consedine NS, Magai C, Horton D, Neugut AI, Gillespie M	[444]
Ethnicity and breast cancer in Hawaii: increased survival but continued disparity. Braun KL, Fong M, Gotay C, Pagano IS, Chong C	[453]
Ethnic variation in health-related quality of life among low-income men with prostate cancer. Krupski TL, Sonn G, Kwan L, Maliski S, Fink A, Litwin MS	[461]
Original Reports: Other	
Religion, sociodemographic and personal characteristics, and self-reported	

health in Whites, Blacks, and Hispanics living in low-socioeconomic status neighborhoods. Franzini L, Ribble JC, Wingfield KA [469]	<i>mycobacterium tuberculosis</i> infection. Cooper E [S4-10]	Effect of Western-style diet on blood glucose levels in Werner deficient mice. Stelly L [S4-55]
Ethnicity as manifest in drug-specific vocabulary and subsequent risk of starting cannabis use in early adolescence. Wilcox HC, Storr CL, Benoit MZ, Anthony JC [485]	Determination of the extinction coefficient for <i>N</i> -substituted glycines using ultra violet spectroscopy. Kessy RS, Marcano Y [S4-12]	The Downstart Program: a hospital-based weight-loss program. Macey L [S4-58]
Disparities in maternal outcomes among four ethnic populations. Shen JJ, Tymkow C, MacMullen N [492]	Pulmonary hypertension in Chuvash polycythemia. Dastgheyb R [S4-15]	Hyperglycemic ischemia increases the production of superoxide free radicals and decreases the level of antioxidative selenoprotein P. Tagaville MA [S4-60]
Preventive care in the "United States: are Blacks finally catching up? Blanchard J, Lurie N [498]	Renal oxidative stress in chronic alcohol-induced hypertension. Carrero RJ [S4-17]	Computer model for gas diffusion from nests of burrowing animals. Datta M [S4-62]
Why does adult African-American smoking prevalence in California remain higher than for non-Hispanic Whites? Trinidad DR, Gilpin EA, White MM, Pierce JP [505]	Using dual-energy x-ray absorptiometry to measure limb and digestive organ composition in laboratory rats. Wilson R [S4-20]	Investigation of PAXIP1L as a candidate gene for diabetic nephropathy. Bradley M [S4-64]
Departments	Survival of the fittest: antibiotic resistance in the environment. Ransome S [S4-22]	Does skin cancer discriminate? What role does skin pigment play in the development of melanoma skin cancer? Alexandre M [S4-66]
Clinical Research Related to Ethnic Minority Health [512]	Treatment of ballast water using acoustic cavitation techniques coupled with advanced oxidants. Helu S [S4-24]	Genetics of diabetes: assessment of a genetic variant in the glucose transporter 2 (SLC2A2) gene and susceptibility to diabetic nephropathy in Pima Indians. Bagrodia N [S4-67]
Grants and Funding Opportunities [514]	Genetic variants in the gene encoding PRKCI and susceptibility to diabetic nephropathy in Pima Indians. Rais S [S4-26]	The impact of diabetes on Flathead Reservation Native Americans. Anderson P [S4-70]
Updates from Health Agencies Worldwide [516]	Employment of a PCR-based monitoring system to detect bacteria and fungi from indoor air samples at indoor work places: a pilot study in Ponce, Puerto Rico. Hayes ST, Lopez S [S4-29]	Craniosynostosis: the evaluation of Bmp signaling in <i>Mus musculus</i> in skull formation and sutute induction. Maliakkal P [S4-72]
Health Legislative Issues [518]	The effect of the number of animals and environmental conditions on the gaseous microclimate of bank swallow (<i>Riparia riparia</i>) nests. Ulroan TT [S4-31]	Regulation of epithelial calcium channels by protein kinases. Cong P [S4-75]
For the Patient [520]	Breath ethanol and acetone as indicators of serum glucose levels: an initial report. Hu W [S4-32]	Native American Strong Body Initiative. Patneaude RL [S4-77]
<i>Ethnicity & Disease</i> Manuscript Submittal and Information [523]	Original Reports: Group 2	Original Reports: Group 3
Classifieds [530]	Depression, health beliefs, and locus of control. Valdovinos C, Gonzalez C [S4-35]	Association of polyomavirus JC with colon cancer. Duran A [S4-78]
VOLUME 15, NUMBER 3, SUPPLEMENT 4	Creatine supplementation for teenagers. Mahuna J [S4-37]	The importance of determining the level of albuminuria in sickle cell patients. Zorrilla A [S4-80]
Research from the National Institutes of Health, National Institute of Diabetes and Digestive Kidney Disease, and Charles R. Drew University of Medicine and Science High School Student Research Program	The role of <i>AlgB</i> gene on the alginate production in <i>Pseudomonas aeruginosa</i> . Yu J [S4-39]	Organizational barriers to chronic illness care. Heath A [S4-81]
Summer 2004	Improving the quality of life of erectile dysfunction (ED) patients through penile implants. Gheiler J [S4-41]	Comparison of gene expression in the kidneys of male and female mice using the DNA MicroArray Mgu74Av2. Mudaliar A [S4-82]
Editors: Lawrence Agodoa, MD; Keith C. Norris, MD	Identification of PIST PDZ domain interactors. Chen JY [S4-43]	A review: pseudo-trigger digits. Mitchell A [S4-84]
The need for health professionals and scientists from underrepresented minority and disadvantaged communities. Norris KC, Agodoa LY [S4-1]	Measuring changes in organ composition using dual energy x-ray absorptiometry: potential for rodent studies on alcoholism. Jackinsky J [S4-45]	Molecular technique for gender identification in the Hawaiian goose (<i>Branta sandvicensis</i>). Vierra B [S4-85]
Original Reports: Group 1	Is it all in the head? The psychological effects of chronic pain and the effectiveness of modern therapies. Fleurmond J [S4-47]	Aberrant Crpt Foci (ACF) in DMH reactivated rat model of colitis. Santana C, Santiago C [S4-87]
Phytic acid (inositol hexaphosphate): screening for low phytic acid concentration in pea seeds for increased bioavailability in humans. Nguyen M, Patuwoto T [S4-3]	Using the cow pea mosaic virus (CPMV) as a bio-imaging tool. McIntee K [S4-49]	Depression, health beliefs, and locus of control: relationship to glycemic control in Hispanic and African Americans with diabetes. Valdovinos C [S4-89]
Testosterone inhibits adipogenic transcription factors PPAR- γ 2 and <i>C/EBP-α</i> through TCF4 transcription factor. McNeal CL, Rraymond MI [S4-5]	Effect of procainamide on the oxidation of hydrogen peroxide. Sealey L [S4-51]	Efficacy of therapies targeted at treating patients with membranous glomerulonephritis. Zhou DX [S4-91]
Determining the structure of interferon regulatory factor 3 using x-ray crystallograph. Jyung H [S4-7]		
QuantiferON-TB: an enzyme-linked immunosorbent assay procedure that aids in the detection of the		

- Compartmentalizing tanker truck safety design: minimizing the potential for fires from collisions. Pearson DF [S4-94]
- Nuclear magnetic resonance spectroscopic studies of lipoteichoic acid adhesion on biomaterials. Cravatt E [S4-96]
- Doxycycline inhibits matrix metalloproteinase-2 (MMP-2) production by neonatal pulmonary artery endothelial cells. Shuford-Hopkins E, Bulger A [S4-98]
- Globin-coupled sensors from the thermophile *Anoxybacillus flavithermus* show absorption spectra similar to myoglobin. Nakasone ES, Wan X [S4-100]
- Positron emission tomography (PET) and myocardial perfusion imaging (MPI). Simon E [S4-103]
- Embryonic retinal progenitor cells are heterogeneous with respect to neuronal transcription factor expression. Griffin G [S4-105]
- Fresh fruits for cardiovascular disease: effects of fruit juices on the expression of CD36 and LDL-R in human monocytic cells, U937. Gan H [S4-107]
- Comparison of normal gut microflora of Washington hatchery coho salmon (*Oncorhynchus kisutch*) to previously reported gut microflora of rainbow trout (*Oncorhynchus mykiss*). Petererson H [S4-109]
- Familial hypertrophic cardiomyopathy (FHC) medicine: the cloning and study of two novel mutations in the regulatory light chain (RLC) of myosin that cause familial hypertrophic cardiomyopathy (FHC). Adebisi IN, Ma R [S4-111]
- A method for drug delivery using magnetoliposomes. James J [S4-113]
- Microbial degradation for bioremediation. Iha J [S4-116]
- Abstracts—Group 4: Creighton University Summer Research Institute 2004 Dissolution profiles of non-steroidal anti-inflammatory drugs (NSAIDs) with different partition coefficients. Kosoko A [S4-118]
- Perceptual motor skills and dentistry. Evans C [S4-118]
- The ER- α gene is associated with age at menarche in Caucasian women. Tekle B [S4-119]
- Development of a foam-film formulation for the treatment of burns. Amole O [S4-119]
- Expression of suppressor of cytokine signaling (SOCS)-2 protein in human colon cancer cells. Nneji JO [S4-120]
- Expression of SOCS-1 and 3 in TNF- α and IGF-1 treated vascular smooth muscle cells. Weasel J [S4-120]
- Osteoclast activation with smoking. Opere J [S4-121]
- Qualitative research in colorectal cancer surveillance. Theis M [S4-121]
- A comparative study of diagnostic interpretation of conventional bitewing radiographs vs indirect digitized radiographs. Bradley S [S4-122]
- Isoprostane-induced inhibition of [³H]D-aspartate release from isolated retinae: role of antioxidants. Stallworth A [S4-122]
- VOLUME 15, NUMBER 4
- Original Reports: Complementary and Alternative Medicine
- Alternative healthcare use in the underserved population. Bazargan M, Norris K, Bazargan-Hejazi S, Akhanjee L, Calderon JL, Safvati SD, Baker RS [531]
- Predictors of multivitamin supplement use among African-American female students: a prospective study utilizing the Theory of Planned Behavior. Pawlak R, Connell C, Brown D, Meyer MK, Yadrick K [540]
- Traditional and Western medicine: cultural beliefs and practices of South African Indian Muslims with regard to stroke. Bham Z, Ross E [548]
- Original Reports: Cardiovascular Disease and Related Risk Factors
- Low high-density lipoprotein cholesterol is associated with impaired endothelial function in Asian Indians. Packard KA, Majeed F, Mohiuddin SM, Mooss AN, Hilleman DE, Arouni AJ [555]
- Hemoglobin A1C levels in diagnosed and undiagnosed Black, Hispanic, and White persons with diabetes: results from NHANES 1999-2000. Boltri JM, Okosun IS, Davis-Smith M, Vogel RL [562]
- Genetic and environmental determinants of lipid profile in Black and White youth: a study of four candidate genes. Davis CL, Wang X, Sneider H, Treiber FA [568]
- Standard electrocardiographic criteria for left ventricular hypertrophy in Nigerian hypertensives. Dada A, Adebiji AA, Aye A, Oladapo OO, Falase AO [578]
- Stress-related racial discrimination and hypertension likelihood in a population-based sample of African Americans: The Metro Atlanta Heart Disease Study. Davis SK, Liu Y, Quarells RC, Din-Dzietham R [585]
- The development of a race and gender-specific stress measure for African-American women: Jackson, Hogue, Phillips Contextualized Stress Measure. Jackson FM, Hogue CR, Phillips MT [594]
- Race/ethnic and sex differentials in pulse pressure among US adults. Rogers RG, Saint Onge JM [601]
- Coronary heart disease risk factors among Cuban Americans. Nath SD [607]
- Clinical characteristics of South Asian patients hospitalized with heart failure. Singh N, Gupta M [615]
- Racial differences in the use of aspirin: an important tool for preventing heart disease and stroke. Brown DW, Shepard D, Giles WH, Greenland KJ, Croft JB [620]
- Leisure time physical activity and metabolic syndrome in Asian Indian immigrants residing in northern California. Misra KB, Endemann SW, Ayer M [627]
- Left ventricular function in type 2 diabetes patients without cardiac symptoms in Zaria, Nigeria. Danbauchi SS, Anumah FE, Alhassan MA, David SO, Onyemelukwe GC, Oyati IA [635]

SUPPLEMENT 6

The Jackson Heart Study

Original Reports

The Jackson Heart Study: an overview. Taylor Jr HA [S6-1]

Toward resolution of cardiovascular health disparities in African Americans: design and methods of the Jackson Heart Study. Taylor Jr HA, Wilson JG, Jones DW, Sarpong DF, Srinivasan A, Garrison RJ, Nelson C, Wyatt SB [S6-4]

Recruiting African American research participation in the Jackson Heart Study: methods, response rates, and sample description. Fuqua SR, Wyatt SB, Andrew ME, Sarpong DF, Henderson FR, Cunningham MF, Taylor Jr HA [S6-18]

Study design for genetic analysis in the Jackson Heart Study. Wilson JG, Rotimi CN, Ekunwe L, Royal CDM, Crump ME, Wyatt SB, Steffes MW, Adayemo A, Zhou J, Taylor Jr HA, Jaquish C [S6-30]

Sociocultural methods in the Jackson Heart Study: conceptual and descriptive overview. Payne TJ, Wyatt SB, Mosley TH, Dubbert PM, Guiterrez-Mohammed ML, Calvin RL, Taylor Jr HA, Williams DR [S6-38]

Dietary assessment in African Americans: methods used in the Jackson Heart Study. Carithers T, Dubbert PM, Crook E, Davy B, Wyatt SB, Bogle ML, Taylor Jr HA, Tucker KL [S6-49]

Physical activity assessment methods in the Jackson Heart Study. Dubbert PM, Carithers T, Ainsworth BE,

Taylor Jr HA, Wilson G, Wyatt SB [S6-56]

Cardiovascular disease event classification in the Jackson Heart Study: methods and procedures. Keku E, Rosamond W, Taylor Jr HA, Garrison R, Wyatt SB, Richard M, Jenkins B, Reeves L, Sarpong D [S6-62]

Preparing African Americans for careers in health care: The Jackson Heart Study. Srinivasan A, Brown J, Fahmy N, Heitman E, Singh M, Szklo M, Taylor H, White W [S6-71]
